UNITED KINGDOM,

For Each Month during the Year 1904.

(Mr. Gerald Balfour.)

DECEMBER 1904.

This issue of the Monthly Accounts of Trade and Navigation contains preliminary information for the year 1904.

Full particulars of the Import and Export trade in each Article and with each Foreign country and British possession, for a period of five years, are contained in the "Annual Statement of the Trade of the United Kingdom." Detailed information as to Shipping is published in the "Annual Statement of the Navigation and Shipping of the United Kingdom." The 1903 issues of both volumes have been published.

Ordered, by The House of Commons to be Printed, 4 February 1904.

LONDON:

PRINTED FOR HIS MAJESTY'S STATIONERY OFFICE.
By WYMAN AND SONS, LIMITED, FETTER LANE, E.C.

And to be purchased, either directly or through any Bookseller from
WYMAN AND SONS, LIMITED, 109, FETTER LANE, FLEET STREET, E.C.;
and 32, ABINGDON STREET, WESTMINSTER, S.W.; or
OLIVER AND BOYD, EDINBURGH, or
E. PONSONBY, 116, GRAFTON STREET, DUBLIN.

NOTE.

In the tables contained in these Accounts, Imports are generally classified as received from the countries whence they were shipped direct to the United Kingdom. In the majority of cases the country of shipment is also the country of origin; but it should be borne in mind that this is not always the case, and that to a greater or smaller extent merchandise, originating in one country, is credited in these tables to other countries at whose ports it has been transhipped, or through whose territories it has been conveyed by rail for shipment to the United Kingdom.

Exports are, as a rule, credited in the tables to the country of ultimate destination as declared by the exporters in their entries. Exports, however, to countries which possess no seaboard, are credited to the country in which the port of discharge is situated.
